Kenmure Fights Cancer Policies

Policy 1. Combining Projects/Events for Donors:

- A. Our model is to have several smaller events rather than one large one. Each event stands alone, with participants purchasing admission to events and/or making a donation.
 - a. **Cash Donations:** If a donor wishes to combine his/her desired projects/events into a single donation, a package can be developed. The donation will be tax deductible, except for the cost of goods or services.
 - b. **Donations in Kind:** Gratefully accepted for projects such as raffles, silent auctions, etc. These offerings do not, regardless of value, entitle the donor to participate in other projects/events at reduced cost or cost free.
 - c. See also Policy #4: Procedure for Special Donations.

Approved by Board of Directors, June 5, 2017

Policy 2: Kenmure Fights Cancer Ambassadors

The *Kenmure Fights Cancer Ambassadors* group (previously known as *Ambassador's Club*) was formed to recognize individuals who donate \$500 or more in any given year. They are invited to attend the Check Presentation Luncheon (at their own expense) and presented with a certificate.

Approved by Board of Directors, August 3, 2017

Policy 3 – Publication of Donations

- A. **Individuals and/or their personal foundations:** Kenmure Fights Cancer does not publish amounts of donations from individual contributors. This is done to encourage contributions of all sizes and to maintain the community spirit of the organization.
 - a. Exceptions:
 - i. *Kenmure Fights Cancer Ambassadors:* Membership may be published, but not the amount donated.
 - ii. Beneficiaries (hospitals or others): The beneficiaries may recognize donors in any way they see fit, if agreed to by both parties.
- B. **Corporations:** Donations by Sponsors and/or other corporate entities may be published unless otherwise indicated by the donor.

Approved by Board of Directors, August 3, 2017 (Updated 2/18/19 to reflect name change of Park Ridge Health to Advent Health Hendersonville.)

Policy 4– Procedure for Special Donations

Special Donations shall consist of in-kind or monetary donations outside the parameters of Honor Board, Ambassadors or standard raffle items.

The following procedure for determining the use of these Special Donations is suggested in order to avoid conflicts:

- a) If the item(s) are offered for a specific existing project and are suitable for that project, they may be used at the discretion of that project committee.
- b) If the item(s) are not suitable for the original project or no existing project has been identified, the President shall advise chairs of Treasure Trove, Kenmure Krush raffle and/or chairs of any other relevant existing projects. If suitable, they may be used at the discretion of the selected project committee(s).
- c) If none of the above committees are able to use the item(s), the President shall notify the full BOD to see if they have any suggestions, which, in-turn shall be coordinated with chairs of existing projects or a new project may be organized.

In the event that item(s) are not suitable for organization efforts, the prospective donor shall be notified with thanks for considering Kenmure Fights Cancer.

Approved by Board of Directors, February 4, 2020.

Summary of Agreement between Kenmure Fights Cancer and Community Foundation of Henderson County

The following is an informal summary of the CFHC rules and regulations. It does not cover all instances and may or may not be up-to-date. Please refer to the actual documents for full conditions. Copies may be obtained from the Kenmure Fights Cancer Treasurer or at the CFHC office at 401 N. Main Street, Hendersonville, NC.

On March 9, 2015 Kenmure Fights Cancer entered into an agreement with the Community Foundation of Henderson County (CFHC) to form the **Kenmure Fights Cancer Fund**, a component fund under its Donor Advised Funds program.

The following is a synopsis of the Foundation's rules and regulations as they affect Kenmure Fights Cancer.

Overview

The Foundation provides the benefits of a 501 (c) (3) corporation without the up-front costs and ongoing expense of tax filings that would otherwise be incurred. They take on the paperwork for all tax-related donations.

The Donor Advised Funds program allows us to decide who will get the funds we raise. We can give all or part of any funds raised during a given year to the organization(s) of our choice as long as the receiving organization meets CFHC requirements.

Management fees for organizations with full payout program (called "Pass-Through Funds"):

- A 1% fee is charged on all contributions. (If we raise \$30,000, the fee would be \$300.)
- For funds that remain idle for more than a year, an annual fee of 1% will be levied monthly based on the previous month-end balance (calculated at 1/12th of 1% monthly).
- Any out-of-pocket expenditure by CFHC for investment services or other property management services will be charged in addition to the above.

Types of fundraisers

CFHC fundraising falls into two categories, broken down by tax status.

- Independent Fundraising.
 - No tax receipts to donors.
- Foundation Affiliated Fundraising.
 - Tax receipts to donors

Independent Fundraising:

Most of our projects and events fall into this classification because they do not require tax receipts for participation.

For example, entry fees for the Golf and Tennis Tournaments include a donation to Kenmure Fights Cancer, but individuals do not get, nor do they expect, tax receipts. This is in keeping with the Foundation's findings on event participation. They report:

“We have found again and again that a donor who participates in a fundraising event is not doing so to receive a tax deduction. They truly believe in the purpose of the fundraiser and will write a check regardless of the tax benefits to themselves.”

Independent Fundraising is the simplest method for everyone because CFHC will not have to approve the fundraiser, records will not have to be turned into the office and promotional and printed material will not have to be pre-approved.

They do request, however that this type of fundraising not carry the CFHC name or logo.

Foundation Affiliated Fundraising.

We also have projects where there is an expectation of a tax receipt, such as the Honor Board. Affiliation with CFHC is particularly advantageous in this situation because it confers on us all the advantages of an IRS approved 501 (c) (3) foundation. In other words, we can now accept corporate matching funds and other such donations that can be made only to qualified organizations.

For each donation that we receive in the form of cash, check or credit card, CFHC will send an acknowledgement letter that includes the proper tax substantiation. Donations can be collected by us and given to them and/or contributions made directly to them. In order to facilitate online contributions, CFHC will create a Kenmure Fights Cancer donation page to which we can link in emails and from our website.

We can use their logo as part of our promotional materials and donors can contribute online. In other words, this type of event becomes a joint effort between Kenmure Fights Cancer and CFHC.

As a result, advance approval is required as follows:

- A. Submission of application at least 30 days prior to the occurrence of any activity associated with the event. Application (form available) includes the following:
 - o Description: Outline of the fundraising goal, the activities of the event, organization experience with this type of event and why it is sure to be a success.
 - o Contact person for the event.
 - o Budget: Estimated budget for the event. Key items to include are projected revenue, expenses and a detail list of both.

Procedure:

The following tasks apply to each project, regardless of the classification into which it falls in order to assure that we are following CFHC guidelines properly.

Kenmure Fights Cancer President

1. Meet with CFHC representative as early in the year as possible.
2. Submit a list of members of the Board of Directors with their contact information.
3. Submit list of all projects for the upcoming year.

Kenmure Fights Cancer Event Chairpersons for Foundation Affiliated Events:

 - a. Cash, checks and credit card donations will be eligible for tax letters, but KCC charges will not.
2. List of donors should include the following information:
 - a. Donor's complete name and address.
 - b. How the donor wishes to be acknowledged in the Community Foundation Annual Report or if the donor chooses to be anonymous.
 - c. The date received and amount of the contribution.
 - d. Whether the contribution was cash or check.
 - e. Community Foundation of Henderson County.

CFHC will be responsible for the following:

1. Manage event donations accepted into the Fund from donors, other contributors and sources.
2. Approved Foundation Affiliated projects:
 - a. Provide tax substantiation documents (acknowledgement letters) to donors within one week of receiving checks.
 - b. Distribute all event proceeds at the direction of Kenmure Fights Cancer; up to the amount of gross proceeds net the administrative fee. (Kenmure Fights Cancer is ultimately responsible for expenses if there are insufficient funds to cover them.)
3. Liability Insurance:
 - a. Insurance coverage is provided for all CFHC endorsed events under the CFHC insurance policy. The fundraising group is responsible for insurance cost that is greater than currently held by CFHC. If additional coverage is required, Kenmure Fights Cancer will be responsible for any additional cost. In other words, if a rider is necessary to provide coverage beyond the amount currently held by CFHC, Kenmure Fights Cancer is responsible for the cost of the rider.
4. Submit all State and Federal Tax reports.
5. Serve as a resource of information on fundraising strategy.

- L. Relationship to other Kenmure organizations:
 1. While we work closely with Kenmure Country Club, Kenmure Fights Cancer falls under its policy concerning other outside events. Therefore:
 - a. All Kenmure residents are welcome to attend, regardless of KCC membership.
 - b. The golf tournament is independent of any KCC member groups or organizations.
- M. Hole-In-One Contest
 1. Typically, these contests are funded by purchasing an insurance policy from an organization set up for these events.
 2. Policies are priced according to the award amount. Our participants will play anyway, so it does not have to be a large amount.
 - a. For example, in 2016, the cost was \$180 for a policy that awarded a hole-in-one on #9 at \$5,000. The price also included lesser prizes for the other par 3's.
 3. We have found the contest to be a fun addition, but not a requirement. Any policy fees should be paid by an outside entity, such as the Sponsor or other donor. We do not recommend it be paid out of the donation receipts.

History

The golf tournament began as a KWGA event about 2004. In 2007, it was expanded to include men, but was primarily an event for KCC golf members. Over the years, this has led to some confusion as to who was responsible for setting its guidelines.

In 2014 Kenmure Country Club declared all *Kenmure Fights Cancer* events would fall under its policies for "outside events." Therefore, while we work closely with KCC, decisions regarding all KFC events, including the golf tournament, are the responsibilities of the KFC BOD.

Following are some of the significant changes - and the reasoning behind them - that have been made since the tournament's inception.

Tees:

- Initially there were White Tee and Blue Tee flights for men.
- 2012: Changed to White Tees only because they are used by the majority of men and the use of a single tee simplifies award process for pro shop.
- 2016: Play for all women will be from the Red Tees because they are used by the majority of women and the use of a single tee simplifies award process for the pro shop.

Outside players:

- 2012: Tournament opened to participants from the hospitals.

- 2013: KCC GAC restricted tournament to KCC Golf Members.
- 2014: KCC declares KFC an “outside event.”
 - Therefore, the golf tournament and other events are open to all Kenmure residents, regardless of KCC membership, as well as players from the hospitals and others from outside Kenmure.
- 2016: Sponsors and other outside corporations connected to KFC invited to participate.

Handicaps:

- 2014: KFC falls under KCC guidelines for outside charity events, therefore:
 - Handicaps will be handled in the same manner as for other charity events. In other words, handicaps submitted to pro shop by players are accepted as stated and do not need further verification.
 - For convenience sake, GHIN handicaps will be used for KCC Golf Members, when available.

Joanne Jones Trophy:

- Initially awarded to the 18-hole team with the lowest *gross* score. At some point, eligibility was restricted to Kenmure residents only.
- 2012: Award criteria changed to the 18-hole team with the lowest *net* score, thus giving all 18-hole teams the opportunity to win it, regardless of gender.
- 2014:
 - KFC Committee votes to award to winner of the tournament, making all players eligible.
 - Name on trophy changed from *Rally for the Cure* to *Kenmure Fights Cancer*.

Start time:

- 2016: Changed from individual tee times to shotgun start.

Mulligans

- 2016: Increased from maximum of 2 per player to maximum of 3 per player in order to increase revenue.

Hole-In-One contest. Primary award hole = #9. Lesser prizes on other par 3 holes.

- 2016: Initial year. Sponsored by StretchZone.
- 2017: Sponsored by KMGGA.
 - Marilu Reed got a hole-in-one on #11 and won TV (took cash \$500 instead).
- 2018: Sponsored by Colton Groome & Co. Event rained out. Insurance policy fee returned.
- 2019: To be sponsored by Colton, Groome & Co.

Awards Presentation:

- Kenmure Fights Cancer began as a Golf Tournament. Over the years, other events have been added and it has expanded outside the golf community. In 2017, it was decided to move presentation of golf awards (except the Joanne Jones Trophy) from Gala Dinner to KCC Patio after tournament.

2016: This document made an attachment to the Bylaws. Updated 2019.

Pardee Hospital & Advent Health Hendersonville Donor Recognition Program for Kenmure Fights Cancer Ambassadors

August 4, 2017

- Keep our focus on all donations, with gratitude for every amount.
- Recognize and thank all donors, but not specify the donated amounts within the Kenmure community.

On the other hand, we would like to recognize those who have contributed at higher levels. Since the hospitals are the end recipients, the following program has been developed.

Honorees:

Individuals who qualify for the *Kenmure Fights Cancer Ambassadors* group (donations of \$500 or more during the current year) who wish to be included.
